

SENIOR CLASS president, James Gorman is presenting the two highest scholastic honors to Miss Jeanine Peters, New Lenox, and Larry Wallschlaeger, Mokena. Jeanine has a scholastic average of 3.67 and Larry 3.51 based on a 4.0 perfect average during their four years in attendance at L-W.

Trading Stamps, Bottle Caps Provide New Bus For St. Mary's School

A couple of simple fractures and a green stamp have been transformed into a full size school bus that will serve the needs of St. Mary's grade school at Mokena. The bus was delivered late last week.

Cinderella's fairy godmother turned a pumpkin into a coach and white mice into prancing horses that her ward might go to the royal ball in style but, of course, she had a magic wand to really do the job.

The godmother for the St. Mary's project was Dr. Eleanor Hamilton, a pediatrician who has offices in Chicago but resides at Mokena. Dr. Hamilton has no magic wand but she does have a persuasive tongue and great tenacity of purpose and so was able to turn a couple of broken arms and a trading stamp into a \$6,666 bus.

She had a lot of help, the doctor is quick to tell you, but it has been a job in which there could be no let-up, and there is still work to be done before it is all wrapped up and finally marked Paid.

The broken arms that started the doctor to thinking about school buses were incurred by a couple of pupils of St. Mary's as a re-

sult of their clowning around while waiting for the school bus. Dr. Hamilton reasoned that if there were another bus there would be no need for long intervals of waiting and so less chance of accidents.

But thinking about a bus and buying one are two different things, and getting cash to purchase a school bus is not easy. It was then the trading stamp entered the picture. Offered stamps in connection with a purchase Dr. Hamilton was struck with an idea.

She didn't save trading stamps herself and strange as it may seem there are a lot of women who don't. Why not get people to contribute trading stamps instead of money?

Dr. Hamilton went to Father Cecil Koop, O.F.M., with her idea and as you have already guessed. Father Koop promptly appointed her a chairman of a committee to collect the stamps.

The fair godmother's wand would be a faster way, no doubt of it. With a real, genuine fairy wand in first class working condition one could have had the bus standing there with gas in the tank and engine running quicker than one could have said St.

Mary's - parochial-school of Mokena. As it was it has taken about two years for the task but those engaged in it find more satisfaction in achieving their end than to have accomplished it by a bit of wand waving.

Actually the stamps were only a part of it. Dr. Hamilton's committee got \$2 a book for the stamps they collected but they added to the fund thru other means, collecting and selling old paper, bottle caps and anything else that would bring in a penny or a dollar, including cookies.

Dr. Hamilton hasn't any idea how many Pepsi bottle caps went into the bus because counting the number of caps in a ton would be quite an undertaking and there were tons of the things. She also made a deal with a nationally known brewery under which they agreed to redeem bottle caps used on its beer.

The new bus, which seats 60 passengers, --but wouldn't have held the bottle caps that went in on it-- was turned over to the school on Wednesday of last week by Harold Cooper, of Cooper-Hostert Ford Sales, with Father Koop accepting the bus keys in behalf of the school.

YOU WOULDN'T think about getting a school bus with trading stamps perhaps but St. Mary's school is proof it can be done. The new bus was delivered at the school last Thursday by Harold Cooper, Mokena Ford dealer (second from the right) who turned over the keys to Father Cecil Koop, parish pastor who also doubles as bus driver. At the left is Dr. Eleanor Hamilton, who originated and conducted the campaign and next to her is Sister M. Mercedes, principal. (Graphic Newspapers photo)

DALE PROVOW, senior class sponsor, is shown congratulating five private school scholarship winners upon notification of their awards from the colleges where they plan to attend. Barbara Hanson, MacMurray college; Tim Hull, MacMurray college; Jeanine Peters, New College, Sarasota, Fla.; Dave Howell, Northwestern; Larry Wallschlaeger, Aurora college. All of the local awards along with the various scholarships from the state schools will be awarded tonight at the senior Honor Night program. Included in this group will be nine teaching scholarships which provide full tuition and fees at any one of our state universities.

Honor Seniors Tonight; LW Commencement Friday

Another year is coming to a close at Lincoln-Way high school this week, which also marks the end of the first decade in the history of the institution.

Senior Honors Night is tonight and tomorrow night, June 5, the annual commencement exercises will be held at which 207 students will receive diplomas.

Both programs begin at 8 o'clock with processions with the music provided by the school band under the direction of Robert Taylor.

James Gorman, president of the graduating class, will be master-of-ceremonies for Honors Night. Jeannine Peters will give a brief address of welcome and the class history is to be recited by Terri Hearn.

Then comes a musical interlude with Michael Cullen, pianist, playing Beethoven's Sonata in F Minor. Sandra Kooyenga will sing, "Climb Every Mountain," from "The Sound of Music," and the band will play. Marian Flatt is to present the class gift and the farewell will be given by Gary Stokes.

Scholarships and awards were given out. Participants in this portion of the program were, Dr. Claude Otto, representing the Hedges Clinic which gives a scholarship; Martin Mackey representing the National Honor Society scholarship; Earl Moss, president of the Parent Teachers Group which gives a scholarship; Mrs. Herbert Folkers, for the DesPlaines Valley chapter of the D.A.R.; Larry Vaughn, commander of Bobzin-Swin-

ford post, American Legion, of Frankfort; Cecil T. Boldin, and Frank Goetschel, Arion Music Award; Jonas Lashmet, Economy Supermarket scholarship; Mrs. Louis McGann for the Mokena Women's club scholarship; Mrs. Michael Kruchen, Elizabeth Cappel PTA scholarship; John Smith for the Summit Hill PTG scholarship; Arthur Mackay, Future Teachers; Ann Smith, Future Nurses; Fred M. Wright, Jr., the Fred Scheel scholarship; Herman Bertling, 40 and 8, the Betty Lou Carroll Memorial scholarship; Lloyd Christiansen, the DeKalb Award; James High, for the Mu Alpha Theta scholarship; Steven Ivens for the Mathathlete scholarship and the M.A.A. Award also will be made by Mr. Ivens.

At commencement ceremonies tomorrow night the band will play "Land of Hope and Glory," as the graduates enter and leave. The band also will play "Sequoia" and the invocation is to be given by the Rev. James Parker, of the Frankfort Methodist church. The benediction is to be pronounced by the Rev. LaVern Smith, of St. Peter's United Church of Christ, Frankfort.

The Girls Chorus, under the direction of Tom Olson will sing "Let There be Peace on Earth," and "Halls of Ivy."

George Alexander Bowie, of Michigan City, Ind., a public relations counselor, is to deliver the commencement address. He will be introduced by Dale Provow, a member of the Lincoln-Way

faculty and senior class sponsor.

The class will be presented by Supt. A. Hunter Chapman and the diplomas given out by Louis Schleeter, president of the Lincoln-Way high school board.

Report Powder Burns On Body Of Mrs. Roe

A report from the state crime lab at Springfield relating to the fatal shooting of Mrs. Joyce Roe, 32, at Mokena on May 22, was expected to be in the hands of State's attorney Frank H. Masters this week.

When this was written the report had not arrived but it was reported unofficially that the laboratory found traces of powder in the vicinity of the wound, and from test patterns made thru firing the revolver involved in the shooting, the shot could have been fired from a distance of 18 to 24 inches.

Lloyd Roe, 34, husband of the victim who is being held in the Will county jail on a charge of murder on a warrant issued on a complaint by Sheriff Joseph Trizna, has insisted the shooting was accidental. He was quoted as saying that he and his wife "were clowning in the kitchen" after the tavern had closed on Friday morning, May 22 and were scuffling over a pistol which he kept in the cash drawer. He had brought the drawer back to

the kitchen preparatory to taking it upstairs to their living quarters, he said.

In some manner the pistol was fired and his wife was struck, Roe told investigators. He called Mokena police to tell them his wife was shot.

The bullet that struck Mrs.

Roe struck below the lower lip, passed thru the chin and entered the upper left chest,

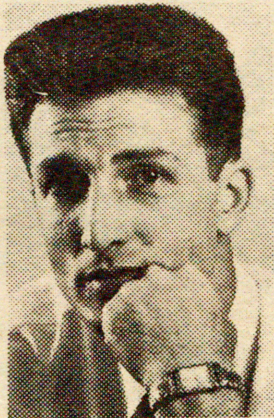

angling down into the lung from where it was recovered in an autopsy. Major blood

vessels were severed and it was believed that Mrs. Roe died almost immediately.

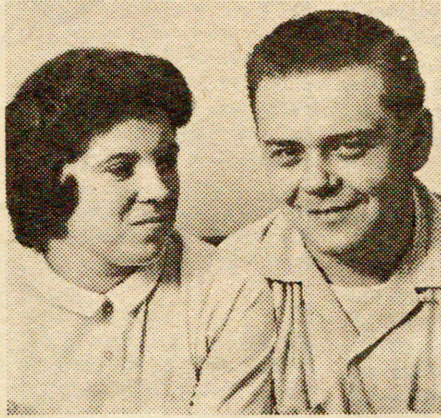

Roe is represented by Attorney August Santoro, of Frankfort.

Mr. Alphonse Sinkus, Chicago, Ill.—"I like the style of the '64 Ford. It is so very comfortable. No trouble in parking. Now we're a two-Ford family and I'm happy about it."

Mrs. Erwin J. Schwab, Chicago, Ill.—"Nice car with enough room, and economy, too. From a woman's standpoint, the style is what I like. I like the way this car handles much better than my old Chevy."

Mr. Ronald Brown, Evanston, Ill.—"This is the first time I have owned a Ford. I compared and test-drove both a Chevy and a Ford. The Ford rides a lot better than the Chevy. I think the Cruise-O-Matic transmission is better than the Chevy transmission for economy and smoothness."

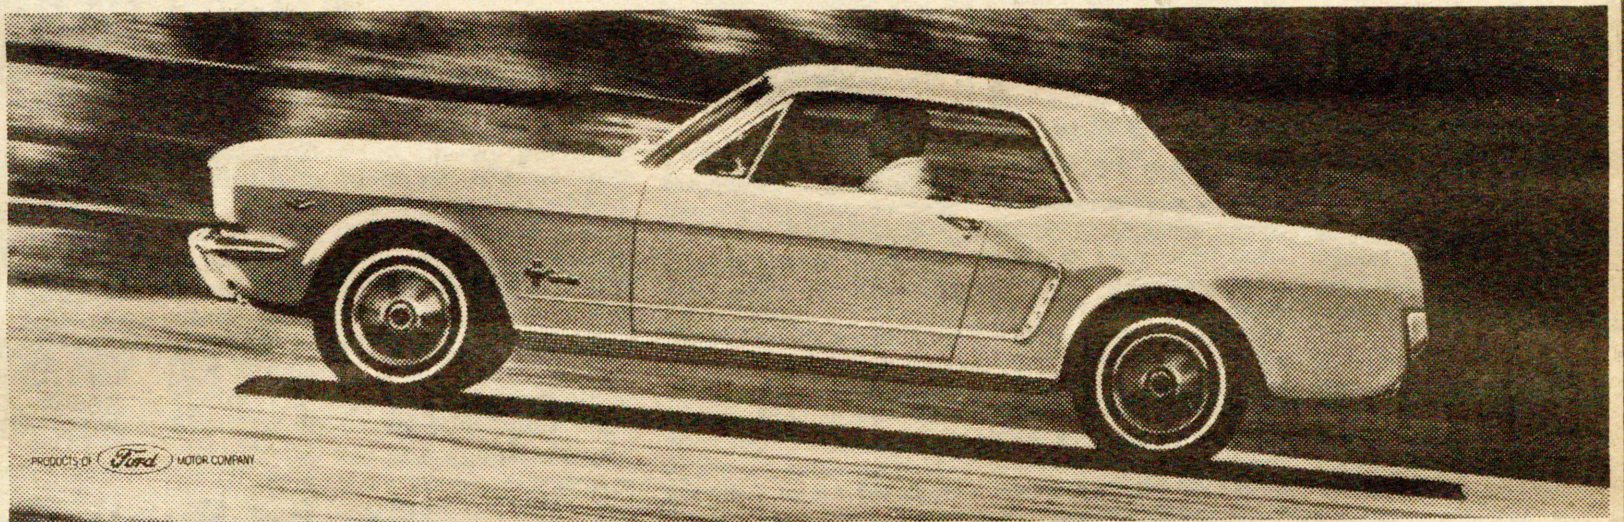

Mr. Robert Traxler, Chicago, Ill.—"My new Ford handles much better and rides much better than my old car. With the Ford, which has an 8-cylinder engine, we get much better gas mileage than we did with the 6-cylinder Chevy."

Mrs. Helen Zopf, Chicago, Ill.—"I like the size, especially in traffic and parking. The car seems very economical. It is much better than my Chevrolet. I find it very comfortable. My daughter Maureen drives, too, and the Falcon seems just right for her. I'd say it was the ideal family car... it seems to run forever on a dollar's worth of gas!"

Buys New Squad Car

The Frankfort village board purchased a new squad car in the course of its business Monday night. Three bids were submitted, all on Fords, and the contract awarded to Cooper - Show Ford Co., of Frankfort, whose figure was lowest.

The price for the car was \$2,504.50 and the trade-in allowance on the 1961 car turned in was \$1,353.06, so that the price the village will pay is \$1,151.44.

Cooper - Hostert, of Mokena, had a price of \$2,508.50 on the new car and offered \$1,308.50 on the trade in leaving the net price at \$1,200.

The third bid was that of English and Sons of Tinley Park. The new car price was \$2,598.85 and the trade-in figure \$1,223.85, leaving the net at \$1,375.

Trustee Daniel Hecht called the board's attention to the hazard at the intersection of Elm and Maple. It is a blind corner, he pointed out, and Police Chief Francis Simon will be consulted as to best way to place a stop sign.

The fire department was granted permission to install a water ball in the park but the board reserved the right to decide its location.

The board also plans to replace present 55-gallon trash containers in the park with smaller ones. The large drums cannot be handled by one person. How to get the people to use the containers is another problem and more difficult to solve, the board decided, but it is hopeful.

Mass Marks Graduation

On Sunday, May 31, a class of forty pupils at St. Mary Catholic school received diplomas. A procession was played by Sister M. Doris while the graduates, led in procession by a cross-bearer, marched into church followed by the pastor and acolytes. The graduates were clad in Mary blue gowns and caps with white tassels.

During the mass the graduates received Holy Communion in a body.

The Rev. Cecil Koop, pastor, gave the commencement address and presented the diplomas.

The following received diplomas: Michael Beal, Thomas Beebe, Nancy Bernardin, Kathleen Bilotti, Christine Davies, Rose-

Injuries Fatal To Paul Ayers, Mokena

Paul F. Ayers, 34, of 9620 W. 191st st., Mokena, died Friday (May 29) at Ingalls hospital, Harvey, from injuries suffered in an auto-truck crash May 14 on U. S. 45 at 167th st. in Cook county. Ayers was alone in his car at the time of the accident. He was enroute to his home.

A native of Joliet, he was educated there, graduating from the Joliet township high school in 1949. He attended the University of Illinois for one year.

He was in the armed forces, serving as a radio mechanic with the army from 1950 to 1954.

For the past seven years Ayers was employed as a millwright by the S & S Sink Top in Frankfort.

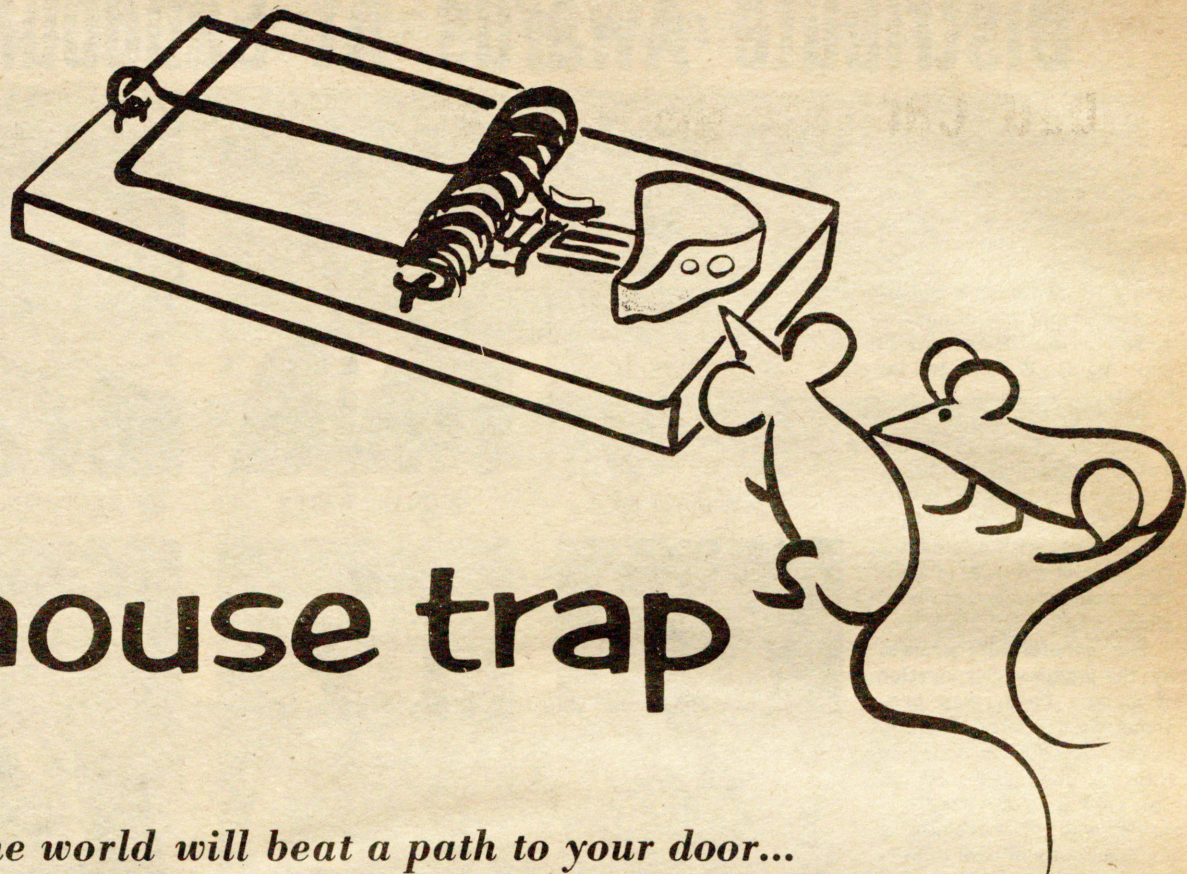

Surviving are his widow, Ella A., three sons, Michael, Steven and Keith; all of Mokena; his mother, Mrs. Robert (Gladys) Jenkins; two sisters, Mrs. Forrest (Faye) DelSasso of Joliet and Mrs. Richard (Betty) Miller of Lockport.

Funerals services were held at the Carlson funeral home, Joliet, Monday, June 1, at 10 a.m. with the Rev. T. C. Wimmeler, pastor of St. John's church, officiating. Interment was in Elmhurst cemetery.

stitute is "to get a better understanding of the history of these countries, their culture, and political and economic needs and aspirations."

Completion of the Institute will give Miss O'Connor an additional six hours of graduate credit, bringing her thirty hours beyond her masters degree.

A better mouse trap

Build one, the saying goes, and the world will beat a path to your door...

Perhaps. But sometimes, even in this modern, fast-moving world in which we live, we're smart enough to know when we've got a good thing going for us -- and leave it alone. Classified Ads are one of these rare and special things.

Classified Ads haven't changed much since the first one was published centuries ago. They're still not very fancy and they're still not very expensive. They just get things done for people ... all people. There's still no better way to get a job, rent a room, find a child's lost pet or tell someone "All is forgiven, come home" than through a far-reaching little Classified Ad. They put people in touch with other people, and by doing that, they fill needs ... they solve problems.

Today, more smart, modern families than ever before are using Graphic Newspapers Classified Ads to add the extra cash to their incomes that means better, easier

living. You can too. It's easy. Here's all you do.

Look around your home and make a list of every worthwhile thing you find that really isn't being used or enjoyed anymore. Things like sports equipment, appliances, tools, rugs, musical instruments, outgrown baby furniture, clothing and toys, motors, outdoor grills, porch furniture -- even sets of books. All of these things, and the others you find, are worth good, hard cash to someone who needs them.

When you have your list, just Phone any time between 9 a.m. and 5 p.m. for the experienced Ad Writer who's waiting to help you. That's all there is to it ... And, a 2 line ad is only \$2 for 2 weeks on the special Family Rate.

Put the proven power of Graphic Newspapers Classified Ads to work for you today. True, they haven't changed much through the years ... but maybe that's because the very people who build the better mousetraps depend on Classified Ads, just as they are, to get them sold.

Distribute Awards At Sandburg Honors Night

Nearly 400 people watched as awards were presented at the sixth annual Honors Night at Carl Sandburg high school. The program, designed to give recognition to students for scholastic achievements, is an outgrowth of the philosophy of Supt. W. O. Fisher, and the faculty.

Two scholarships were announced at the program. The Andrews Scholarship of \$3,000 went to Pat Jaeger, Orland Park, who ranks first in her class with an amazing grade point average of 3.97. The highest average possible is 4.0.

The scholarship, granted by the Andrew Corporation of Orland Park, was presented by Russell Cox and is based entirely on scholarship. In making the award, Cox said it is the corporation's way of recognizing the accomplishments of outstanding students.

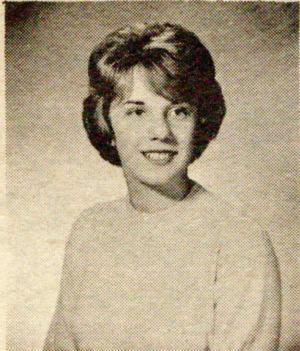

The second award, the PTA Scholarship of \$500, went to Richard Gates, Palos Hills, who ranks second in his class of 349. The award, also based on scholarship, is provided by the PTA from money earned during the year. It was presented by George Palmer, president of the PTA.

Miss Jaeger, who received a total of four awards during the program, was also named Outstanding Senior Girl. In addition to her high scholastic average, Miss Jaeger received an award from the National Council of Teachers of English this year the first in the history of the school. She is president of Pep Club, vice president of the National Honor Society and GAA, a member of Mu Alpha Theta, Student Council, Blue Badge Corps, and Dramatics Club. She has also worked for the staff of the Poet, the school yearbook.

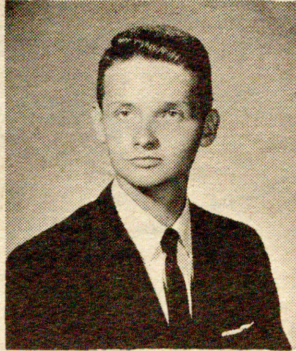

Ernie Sharpe, Palos Heights, was named the Outstanding Senior Boy. In making the presentation, Fisher called him "an outstanding student and a real fine gentleman." Sharpe, named to the All-American football team by Scholastic magazines, is also an outstanding scholar, ranking ninth in the class. He has been active in football, basketball, and track, earning eight letters during his four years at Sandburg. Fisher said this was "more than any other athlete in the history of the school had won." At the same time, Sharpe is a member of National Honor Society and was a library aid for two years.

Honors went to ten seniors for "scholarship and service to the school" in the form of being named to the Top Ten for 1964. Winners, in alphabetical order, were: Gretchen Broman, Palos Park, Nancy Cox, Orland Park, Connie Cummings, Palos Park, Richard Gates, Linda Haag, Palos Park, Pat Jaeger, Gary O'Hara, Worth, Ernie Sharpe, Dennis Sundin, Hickory Hills, and Don Wilz, Palos Park. The awards were made by Supt. Fisher.

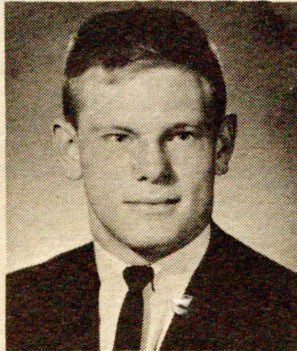

Three national awards were given during the program. Ted Caul received a first place award and an honorable mention in Scholastic magazine's photography contest; Richard Gates received a United Nations essay contest award, and junior Roy Buters an award from Quill and Scroll and

from the American Newspaper Publishers Association for an editorial in the student newspaper.

Individual awards were presented to 12 other seniors. They were: American Legion Awards to Don Wilz and Pat Jaeger; Yearbook Award, Janine Nelson; Speech Award, Lois Kamis; Music Award, Ella Loebe;

Business Education Award, Peggy Smith; Foreign Language Award, Connie Cummings; Industrial Arts Award, Dennis Ward; Social Studies Award, Lowell Leibenstein; English Award, Pat Jaeger, and Mathematics and the Science Award to Ron Johnson.

Dennis Sundin was named recipient of the Bausch and Lomb Science Award on the

unanimous vote of the science department. The award "provides recognition to senior students with the highest scholastic standing in science subjects." Winners of the award, a handsome bronze medal, are eligible to compete for science scholarships at the University of Rochester.

Honor pins were present-

ed to more than fifty students for high scholastic work, including 13 seniors, a record number. Twelve other seniors received awards for perfect attendance for the four years they have been at Sandburg.

Alan Goes presented the senior gift to the school, a sign to be placed in front of the building identifying it. In making the presentation,

Goes said, "People driving by the school may wonder what this building is and what goes on there. We hope to remedy this situation by presenting the school with a sign reading 'Carl Sandburg High School.'"

The program closed with a reception for seniors, parents, and faculty members in the cafeteria.

See Kankakee River As Source Of Area's Future Water Supply

The Kankakee river and Lake Michigan are seen as major sources of water supply for the area, according to a report made by the Stanley Engineering Co., of Muscatine, Ia., at a meeting of the Lower DesPlaines Valley Water Resources Committee in Joliet last Thursday.

The water resources study was begun in 1963, financed thru private subscription and municipal and county support. New Lenox, Frankfort and Mokena all contributed to the fund raised by the Water Resources Committee which was organized in 1962.

It was believed by the committee that deep wells would not furnish an adequate supply of water for the area and the survey just completed substantiates such a belief.

Commenting on the engineering study, J. F. Pollock, technical director of Amoco Chemicals Corp., at Joliet, had this to say:

"Completion of this report marks an important step in our efforts to bring about the necessary and appropriate action in the Lower DesPlaines Valley that will result in solving the water shortage that will be a certainty by 1975 if alternate sources are not provided. We plan to use the findings and recommendations in this report to guide the plans and efforts of the people within the study area in their common aim to avert this otherwise inevitable water crisis."

The study area includes about 600 square miles comprising the north and west two-thirds of Will county and

adjoining southwest Cook county with Joliet as a center. The boundary encompasses Lemont on the north, Tinley Park to the east, Wilmington south, and extends west to slightly beyond the Will county line.

The report recognizes the geographic and natural advantages of the Lower DesPlaines Valley that have caused extensive commercial, industrial and residential development and expansion. A plentiful supply of water, it points out, has been responsible for the promotion of great industrial expansion and supported great urban development in this area. Provided adequate utilities are available, the report said, dynamic growth will continue at a rapid rate in the valley.

"Ground water resources," the report states, "will not be capable of meeting projected water demands. Deep well formations are presently being over-pumped so that dramatic reduction in water levels are being experienced. Limited additional quantities of water may be obtained from shallow formations and such development is recommended. By 1975, it is anticipated that ground water storage in the Joliet-Lockport-Lemont area will be depleted to the extent that water available from underground formations will be markedly reduced."

"At that time," the report continues, "Joliet-Lockport-Lemont area will face a severe water shortage unless a major new water supply is developed. In subsequent years, similar shortages will develop in the

vicinity of Tinley Park-Orland Park."

By 1975, according to the report, it is estimated there will be a water deficiency in the Lower DesPlaines Valley of 10-million gallons a day, unless new sources are put to use. Development of small surface water supplies thru the building of dams and reservoirs would be too expensive and the limited water yield would not justify such projects, the report declares.

"Two possible sources of long term water supply for the area are seen," the report states. "The water from Lake Michigan or from the Kankakee river can be pumped to the Lower DesPlaines Valley. Development of Lake Michigan as a water resource involves major legal obstacles and is estimated to be higher in cost than the Kankakee river supply."

"The water supply from the Kankakee river is recommended as a long term solution to water needs of the Lower DesPlaines Valley," the report goes on. "Preliminary plans contemplate staged construction of transmission and water treatment facilities. Initial project costs to place the system in service about 1975 are estimated to be \$13,620,000. Subsequent expansions increase total estimated investment are \$26,451,000 by the year 2014 ... In order to implement the project, it is recommended that a water commission be established. The water commission would finance facilities thru revenue bonds and sell water in bulk quantities to municipalities

and major industrial users in the service area.

"After the water commission is established," the report explains, "it will be necessary to determine which municipalities and industrial users will participate. Additional engineering analysis of proposed facilities can then be made to optimize the project for the actual demands to be served ... Rates for sale of water can be established and water supply contracts negotiated

"Water shortage in the Lower DesPlaines Valley is imminent. Concerted action is required by the municipalities involved to assure that new water supply will be available in time to avert drastic curtailment of water use. Whether the valley continues to exhibit population and industrial expansion will depend in no small way on the effort made to provide the water necessary for such growth," the report concludes.

Pick a Chevrolet and fill in the spaces

Now's the time to see the great outdoors in a great Chevrolet buy!

Here you are on the brink of vacation
time. There's your Chevrolet dealer in
the midst of Trade 'N' Travel Time.
You two should get together! Object—
celebrating the joys of summer in a new
Chevrolet.

Why a Chevrolet? Well, with 15 models
in four series, what possible reason is there
to look further?

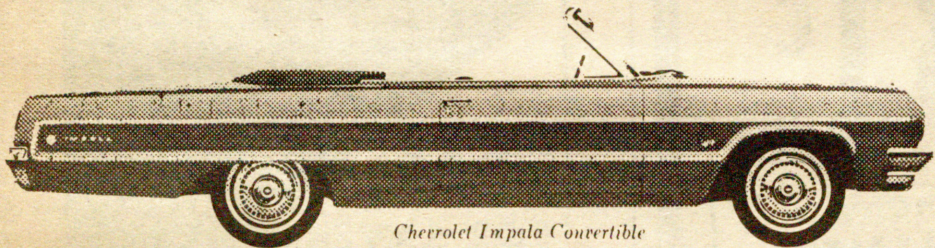

Take the Impala Super Sport
(and a lot of people do just that).
Comes as a Sport Coupe or
Convertible. Has trimmings like
front bucket seats, center con-
sole, special trim—all as stand-
ard equipment. And offers a

typically Chevrolet array of extra-cost
options.

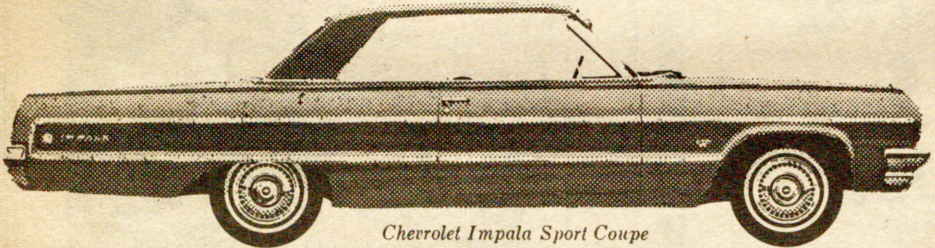

Plain Impalas are anything but. They
come in all popular body styles, including
wagons. They're dressed up to a fare-
three-well: fully carpeted interiors, uphol-
stery as durable as it is attractive.

Bel Airs and Biscaynes, the lower priced
Chevrolets, make a practice of
hiding it. All the conveniences,
no sacrificing comfort or style.

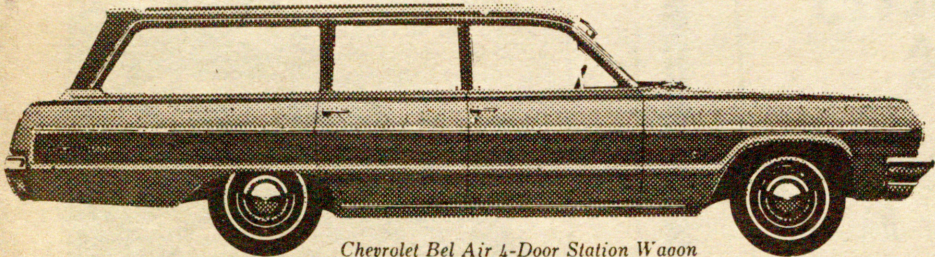

Did we mention that Trade
'N' Travel Time won't last
forever? It won't. So see your
Chevrolet dealer. Then go fill
in the spaces.

L-W Teacher Heads Deans Association

Joe Kruzich, administrative assistant of Lincoln-Way high school, was recently elected president of the newly created and organized

JOE KRZICH
Suburban Deans Association. Twenty-four suburban schools hold membership in this organization representing schools in the Southwest Suburban Conference, the South Suburban Conference and the Southeast Suburban

Conference.

Other officers elected are Mel DeGraff, Thornton Twp. high school, vice president and Paul Jenkins, Evergreen Park high school, secretary-treasurer.

The purpose of this organ-

ization is to reach common objectives and goals concerning the internal operation of schools as related to school; discipline, student auto driving regulations, truancy, off campus activities and student conduct at sports activities, on field trips and the lunch program.

The organization of this local group resulted from attendance at state level meetings of deans, disciplinarians and school principals

held periodically at Illinois State university, Normal. The suburban group wanted to localize the program in order to meet problems common to this particular area.

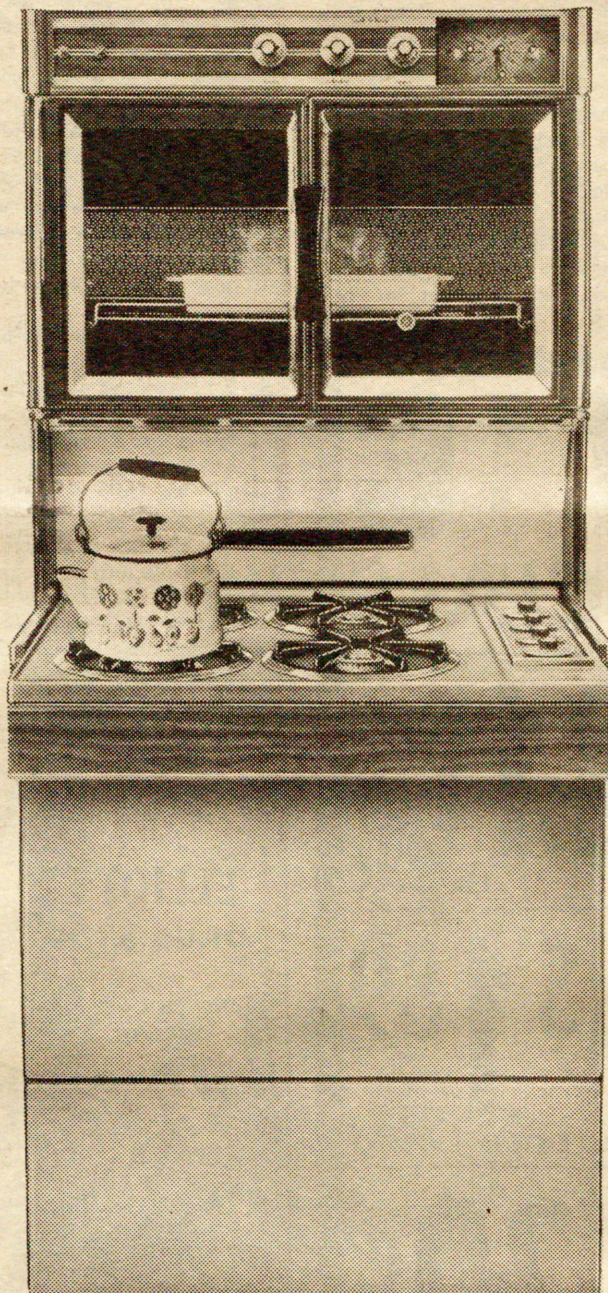

Lincoln-Way will host the first meeting in October.

Look again...

and you'll buy gas

If you're about to look for a new range, you'll look at gas because you've always known gas ranges are the most dependable, most economical and easiest to use of any ranges.

Today's gas ranges are all this and a lot more.

For example: modern gas ranges offer the Burner-with-a-Brain for precise top-of-range cooking to end messy spill-overs. Programmed oven cooking roasts food to perfection, then keeps it serving-hot for hours, automatically. Infra-red broiling and rotisserie

roasting are a few of the many other convenience features you'll find in today's gas ranges.

And don't forget, every gas range gives you instant control of the precise heat you want. No wonder women who cook modern say: "Nothing minds you like a modern gas range."

LOOK AGAIN. See the exciting, smartly styled new gas slide-ins, built-ins and free standing models at your favorite appliance dealer's or your nearby Northern Illinois Gas Company showroom.

Most Valuable Athlete? Sandburg Names Three

Lettermen Pick Sharpe, Heniff. And Alan Bulow For The Annual Award

A three-way tie, the first in the history of the school, marked the naming of Most Valuable Athlete at Carl Sandburg high school last week. The trophy, given at the Eagle boosters' spring sports banquet, climaxed an evening which saw All-American Ernie Sharpe share in that trophy and take two others. Lettermen in golf, baseball, and track were also named.

The award for the most valuable athlete is given annually to the senior who has lettered in two or more sports and is decided by a vote of the lettermen. This year's winners were Ernie Sharpe, who earned a total of eight letters at Carl Sandburg; Pat Heniff, seven letters; and Alan Bulow, four letters and undefeated state wrestling champion in the 165 pound division.

In naming the recipients, Athletic Director Joe Devine said that the voting "was so close that we decided to declare three winners. All three were all-conference for two years in a row and

this is the first time in our history that this has happened." He said the tie was "unprecedented in the history of the school."

Senior Ernie Sharpe, who was named All-American by the Scholastic magazines after the football season this year, received two other honors. They were the Outstanding Senior award, based on sports and scholarship and the Bob Jones Memorial award in track.

Coach Henry Meier presented the varsity baseball awards, The Eagles, defending champions this year, finished second in conference play behind Rich East. Their over-all record was 16 wins and 6 losses. Three players were named to the all-conference team: Joe Campea, Pat Heniff, and Steve Rodgers.

After presenting the 13 lettermen with their awards, Meier announced the most valuable baseball player award, given to Wally Corbett. In closing Meier, who will coach at Stagg high next year, told fans that he

had "enjoyed coaching at Carl Sandburg and wished Coach (Cliff) Eade, who will take his place great success next year."

Awards were presented to 16 sophomore and 18 freshman baseball players.

The three track coaches, head coach Bob Gadt, Wayne Lunak, and Charles Harnisch, combined to present the track awards. In making the awards, Gadt said that the team "had improved in every area over last year and that he was pleased with its successes." The coaches named 26 varsity lettermen and 28 frosh-soph letter winners.

In addition to the Bob Jones Memorial Award given to Sharpe, the first annual shot and discuss award was given to Rich Benson. The trophy is presented to the thincled earning the most points in those events.

Following the track awards, Devine announced that three of the track men had asked for time to make a statement. The trio presented each of the track coaches with a surprise gift. In making his presentation, Larry McNeil said of Coach Gadt, "We are lucky to have such a coach." Obviously moved by the occasion, Gadt replied that this was "the proudest moment of my life."

The golf awards rounded out the evening. Coach Dick Finely said that the team this year was built around the eight letter winners. With their help, he said, the squad had scored two firsts: taking the district match for the first time and finishing third in the conference, the lowest the team has placed in the history of the school. Dick Coghill was named outstanding golfer.

On the frosh-soph level, Gary Daily, coach, pre-

sented 18 awards to neophyte golfers.

Five manager-trainer awards were presented to boys who had worked the entire year.

The nearly 300 parents and students began the evening

with dinner in the school cafeteria and then adjourned to the boys' gym for the awards. The event closes out the sports seasons for the Eagle boosters, sponsors, as well as the athletes.

Open Ticket Sale For Joliet Pro Grid Season

Season tickets for the seven home games of the Joliet Explorers professional football club have been placed on sale in the club's offices, 59 W. Clinton st., Joliet.

Games will be played in Joliet Memorial Stadium.

Joliet is the first Illinois franchise in the United Football League since its formation about five years ago.

The Explorers will play home-and-home games with Charleston and Wheeling, W. Va.; Toledo and Canton, Ohio; Grand Rapids, Mich.; Indianapolis, Ind., and Montreal, Canada.

The Joliet entry will attract college football stars from all sections of the country. Some of the better known boys from this area who have already returned their signed contracts are Jim Plankenhorn, ace University of Illinois placekicker, and his team-mate, end Bill Pasko; back Terry Marcoline of Purdue; guard Tom Wienski, quarterback Larry Belait and tackle Art Dillard of Michigan State; Dan Riordan of Notre Dame; tackle Bob Carter, Kentucky university; guard Bob Mondo, Furman college, and quarterback Bob Webb of St. Ambrose, who was named the most valuable player in the All-America football game in 1959 and veteran of pro football in Canadian Football League and with San Francisco 49ers.

About 15 other top college stars have indicated their willingness to play with the Joliet club and are expected to ink their pacts within the next week or so.

Head coach of The Explorers is Joseph Petruzzii, formerly of St. Ambrose and the University of Detroit. He will be assisted by Rocco Principe of the University of Georgia, Tony Pasquesi of the University of Notre Dame and Johnny Takacs of Lewis college.

General Manager Dean Griffing said that Joliet will field a representative team and should give a good account of itself in league play.

Distaff Golf

BY ANN McDIVOT

The Willow Run Women's Golf Club now has a total of 26 members, 18 of which are ready to have handicaps figured and start playing in earnest for prizes each week. After today's playing, we will be able to let our readers know who are the lucky winners. Rules have been printed and distributed to the members. We are going to have name tags to be worn when we play so we can be identified as club members. Registration is still open, even for late comers.

We have been making good use of our lessons from Tom Geary. This week we learned how to use the #9 iron and how to get out of a sand trap. (I wonder why he thought we were having trouble and were very much in need of such a lesson.) Now if we can only accomplish staying out of water holes, or we may have to include swimming lessons in our course.

See you next week?

NOTICE OF SPECIAL
SCHOOL ELECTION
COMMUNITY CONSOLI-
DATED SCHOOL DISTRICT
NUMBER 56-C, WILL
COUNTY, ILLINOIS

Notice is hereby given that
on Saturday, June 20, 1964,
an election will be held in
Community Consolidated
School District Number
56-C, Will County, Illinois,
for the purpose of submitting
to the legal voters of said
school district the following
proposition:

"Shall the maximum an-
nual tax rate for the ed-
ucational fund of Com-
munity Consolidated
School District Number
56-C, Will County, Illi-
nois, be established at
1.11 per cent on full,
fair cash value of
taxable property as e-
qualized or assessed
by the Department of
Revenue, instead of .90
per cent, the maximum
rate otherwise applic-
able to the next taxes to
be extended for said
purpose?"

It is estimated that the
approximate amount of
taxes extendible under
the maximum rate now
in force is \$17,302.05,
and the approximate a-
mount of taxes extend-
ible under the proposed
increased tax rate will
be \$21,339.20, such a-
mounts being computed
upon the last known full,
fair cash value.

For the purpose of this
election the corporate limits
of said school district shall
constitute the boundaries of
a single election precinct and
the polling place establish-
ed for said election is:

New gas supply
makes possible major Texas Eastern expansion

What man can dream, man can do. Now natural
gas flows to shore installations from wells lo-
cated fifty miles offshore and more than three
hundred feet deep on the floor of the Gulf of
Mexico. Underwater equipment, in some areas,
is remotely operated and is serviced by me-
chanical robots. ■ New supplies of natural
gas along Louisiana's coast have increased

Texas Eastern's gas reserves to over 17 trillion
cubic feet, and the future reserve potential in
the area is even greater. In the next four years,
Texas Eastern, pipeliners of energy, will invest
over \$200 million to handle this gas and expand
service to the Midwest, New England and the
Eastern Seaboard. Texas Eastern Transmission

The Working Classes

J. A. WARD

Another surge of prosperity for the years just
ahead is indicated by most signs on the business
horizon. Unfortunately, all groups of the working
classes will not be benefited by this surge of pros-
perity. Those groups in the professional and highly
up-to-the-minute skills will be in unprecedented
demand. Other groups of the labor force will have
a difficult time finding a demand for their present
skills. The most important cause of this problem is
the present fast change-over to automation that is
wiping out over 30,000 jobs a week.

Will your job be affected? Quite likely, if you are
among one of these groups.

1) Over 40 and haven't kept up with new machines
and techniques. Most older workers have been able to
keep their jobs in recent years because of seniority.
The rough time comes when a man or woman over
40 loses a job. Finding a new one becomes a long
and difficult task. The number of older workers in
the labor force is growing rapidly; this means more
competition for jobs that are open for this age group.

2) Under 20 and have dropped out of high school.
The number of youthful job seekers will increase
during the next decade by more than 26 million. At
the present rate over 30% of these new youthful job
seekers will be dropouts.

3) Not having a modern skill. The rate of unem-
ployment among the unskilled is two-thirds higher
than semiskilled and twice that of skilled workers.

By 1965 there will be seven jobs for every five
professional and technical workers, and only three jobs
for every five unskilled workers and workers whose
training has gone out of use. If age, lack of training,
schooling, absence of skills hurt you, what can you do
to brighten your future? The best guarantee is to up-
grade yourself. If you have current marketable skills,
be sure to keep them current.

There are many ways you can upgrade your job
value. The one most widely recognized is education
and training. More than ten million adults are study-
ing either school or nonschool courses.

The Federal Government, under the Manpower
Development and Training Act, and private industry
have recognized the need for this education and re-
training help. Check with the U. S. Department of La-
bor and your own company for details on worker train-
ing programs. However, if you want to do something
about this problem on your own, enroll in an evening
school. Over 100 colleges provide evening courses,
and in most communities the local high schools pro-
vide free evening courses.

You can also take worthwhile courses by mail. For
information on home study courses, write to the Na-
tional Home Study Council, 2000 K-St. N.W., Wash-
ington 6, D. C.; or the National University Extension
Association, Building TSMC, Room 112, University of
Minnesota, Minneapolis, Minn.

SHORT AND SWEET

Water wheels built some 2,000 years ago by the Romans are still in daily use near Hana, Syria . . . One artesian well near Lillers, France, has been flowing continuously for over 800 years; another near Charleston, South Carolina, produces water with a temperature of 87 degrees, the year round. . . .

Though Americans tend to think of all South American countries as closer neighbors than the Soviet Union, Washington is nearer to Moscow than Buenos Aires . . .

The paper industry with a production total of 78.3 billion pounds over the last year is one of the fastest growing industries in the nation . . . The average American uses 435 pounds of paper a year, a startling comparison to individual consumption in the Soviet Union which averages 26 pounds and Red China with less than 2 pounds per person . . .

The westernmost point in the U.S. is Cape Wrangel, At-tu Island, Aleutians, Alaska . . . The banjo is generally regarded to be the only native American musical instrument . . . The custom of wearing bridal veils originated with the ancient Greeks, who thought the veil would be a protection for the bride against evil spirits flying about during the marriage ceremony . . .

Sue Smith, the president, called the meeting to order. Nancy Lanfried the Secretary, read the roll call.

Stephanie May gave a talk on measuring, a factor of great importance in successful baking. She also led the group in the pledge.

It was decided to have the girls make a 4-H flag.

"Liberator"

You don't have to be a "slave" to your garden if you use a mulch in your landscape planting areas, says Will County Farm Adviser A. A. Wicklein.

Mulches conserve soil moisture, help to maintain even soil temperatures -- promoting better growth -- and help eliminate continuous weeding if you apply them correctly. Spread mulches from three to four inches deep, advises Wicklein. Well-aged sawdust, cracked or ground corn cobs or buckwheat hulls work well, he adds.

One word of caution say Wicklein: When the mulch starts to decay, it takes up available nitrogen from the soil.

Grade School Pupils Get Awards For Year

Awards Day was observed in Carpenter Street school for all the students in the gymnasium last Friday afternoon. Gene Morrall, principal, presided as master of ceremonies.

The program opened with Jerome McGuire, coach, distributing the track team awards.

Next, Miss Mary Donahue, eighth grade advisor, presented the art and literary awards earned in state contests.

Mrs. Jeane Clark, music director, conducted the 6th grade chorus in two vocal selections and then gave out the chorus awards received in state contests. Mrs. Clark, who is leaving to direct chorus at Tinley Park high school next year, expressed her gratitude for the cooperation and good work that the students of Mokena had given her while teaching there. The students along with the faculty gave her a standing ovation in tribute.

Band director, Perry Friedman distributed the band awards won in the various state contests during the school year.

In the final part of the assembly recognition was given the fourth quarter honor rolls. Supt. James Ennis presented certificates to the students that have made the honor rolls in all four school quarters. He expressed his delight for the number of awards received by the students.

Before closing the program, Mr. Morrall thanked all the students on behalf of the Mokena faculty (past and present) for doing their best and remarked that it is a teacher's reward to see their students profit.

Those on the fourth quarter honor roll are:

Rutledge District Sets June 20 For Tax Vote

A referendum for an increase in the educational tax fund rate for the Ann Rutledge school district (No. 56-C) is slated for June 20. The board is asking the voters to approve an increase of 21 cents per \$100 of assessed valuation.

The reason for this, the board explains, is to provide the district with sufficient funds to hire a fifth teacher and buy books and supplies necessary for the education of the children.

A like proposal was voted down at the April school election. The board feels that the failure was due to misunderstanding and the members have addressed an open letter to the voters to get the issue straight.

"We wish to emphasize," board states, "that this is not a bond issue for building purposes. Your school's facilities are adequate for years to come; a future enrollment census conducted by our administration shows that our five room building is large enough for the foreseeable future."

The raise in the educational tax rate is necessary, the board points out if the district is to get the use out of the building.

"There are more than 40 pupils in the third and fourth grade room," the board's statement continues. "The county superintendent has warned us that our state aid resources are in jeopardy if this overload is allowed to continue. It is virtually impossible for your children to receive near the full benefits of education in such overcrowded conditions; for this reason a fifth teacher is needed. We have the room

but lack the teacher.

"Because of the increased costs of education we have found that even with only four teachers we will be forced to borrow money this year. This is the second reason for the necessity of asking the citizens support for the referendum June 20."

The board explains that the 21 cent increase -- if all of it were needed the coming year -- would mean a tax increase of \$2.10 per \$1,000 assessed valuation. The average assessed value of homes in Lincoln Estates, the board said, runs approximately \$5,000. A \$5,000 valuation would mean a tax increase of \$10.50.

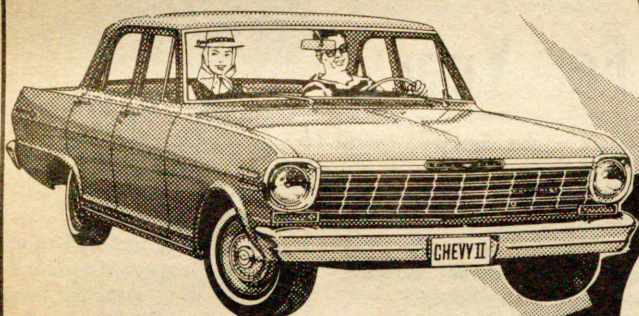

"This is a small amount when it means a fifth teacher, better education, and full use of our facilities," the board declared.

The board believes that it will not be necessary to levy the full 21-cent increase immediately.

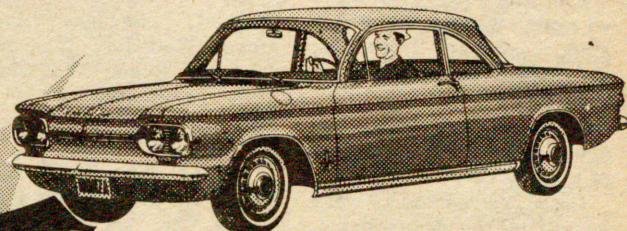

"We found that some citizens feared that if we did not use the full 21 cents," the board's letter recites, "that the state would pocket the remainder. That is not true. If we do not use the full 21 cents then your tax bill will be lower. Recent research indicates that the proposed tax raise would be adequate for at least three years, and probably more, barring any unforeseen state aid decrease."

The school will have a new principal next year. The board believes the "vitality of the district and the quality of the staff will be unsurpassed in the Lincoln-Way area," providing it has the funds to operate properly.
